Consent issued can be withdrawn with future effect at any time. This also applies for the withdrawal of declarations of consent, which were provided to us before the GDPR came into force, i.e. before 25 May 2018. ## 4. Who receives your data?

Within our company, access to your data is obtained by those offices which require it for the performance of our contractual and legal obligations or to fulfil the above-mentioned purposes. Service providers and agents used by us can also obtain data for this purpose.

Forwarding of data to recipients outside the company is only carried out if legislative provisions demand this or you have consented to this.

All recipients are, for their part, obliged to comply with data protection.

Under these conditions, recipients of personal data may be:

- Public offices and institutions (e.g. tax authorities) in the event of a legal or administrative obligation
- Processors, to which we transfer personal data for implementation of the business relationship with you (e.g. support/maintenance of IT facilities, data destruction, payment transactions, accounting, customs clearance)

- Companies within the Salzgitter AG Group for the purposes of internal management and control (e.g. export control) and for internal communication

There is no data transfer to countries outside the EU or the EEA (so-called third countries), unless this is required for contract implementation, is legally prescribed or you have given your consent or this occurs within the scope of processing. Where service providers in a third country are used, an appropriate level of data protection shall be ensured.

## 5. How long will your data be stored?

We process and store your personal data for as long as required for fulfilment of the purposes specified under Article 3. It should be noted that our business relationship is generally a long-term one.

If the data is no longer required for the fulfilment of contractual or legal obligations, it is to be deleted on a regular basis, unless restricted further processing is required for the following purposes:

- Fulfilment of trade and tax storage periods, e.g. based on the Commercial Code or Tax Code. The periods stipulated therein amount to between 2 and 10 years.
